

The diagram shows a cross-section of a composite material. It consists of a central square region labeled 'B' which is shaded gray. This central region is surrounded by a rectangular region labeled 'A' which is white. The entire structure is bounded by a thick black line. On the left side, there are two horizontal lines extending from the central region 'B' to the left, labeled 'A' and 'B'. On the right side, there are two horizontal lines extending from the central region 'B' to the right, labeled 'A' and 'B'. At the top and bottom, there are two horizontal lines extending from the central region 'B' to the top and bottom, labeled 'C'.

A horizontal number line with vertical tick marks at 0, 1, and 5. The number 1 is labeled below the tick mark, and the number 5 is labeled below the tick mark.
